

COMMITTED TO PRODUCT STEWARDSHIP

GREENGUARD Certification contributes to healthier indoor environments by identifying low-emitting products.

We are pleased to announce that Fomo Products has received GREENGUARD Children & Schools Certification on 14 of our products. This prestigious certification reinforces Fomo Products' commitment to product stewardship by contributing to healthier indoor environments with our low-emitting products. *Fomo Products, Inc. is the only low pressure foam manufacturer with GREENGUARD Certified products.*

Certifications Earned:

The GREENGUARD Indoor Air Quality Certification Program

- tests representative samples of products designed for use in office environments and other indoor spaces
- sets stringent standards for emissions of volatile organic compounds (VOCs)

The GREENGUARD Children & Schools Certification Program

- tests representative samples of products designed for use in schools, daycares or other environments where children spend significant periods of time
- referenced by The Collaborative for High Performance Schools (CHPS) and the Leadership in Energy and Environmental Design (LEED) Building Rating System

Certified Sustainability through Design, Application and Ownership

Building Owners & Homeowners

- Contributes to a healthier indoor environment, particularly where children are present

Architects

- GREENGUARD Certified Products can contribute toward or comply with LEED credit requirements

Distribution

- Appeals to contractors working in institutional, commercial, LEED, or retrofit jobs
